Make your next meeting at Travaasa, where nature meets nurture.

Travaasa Austin is an ideal location for corporate and incentive meetings for companies and groups both in and outside of Texas. Austin is accessible with direct flights from numerous cities, is only a couple hours' drive for every Texan, and is the perfect setting for meetings year-round, with a warm, sunny climate and never-ending list of diversions and activities. Austin stands out on *Entrepreneur* magazine's list of 2010 Trends as one of the Best Cities for Small Businesses.

Tired of breathing through dirty air filters during your meeting, making you sleepy and wishing you were someplace else? Then meet where nature meets nurture with a sense of place at Travaasa. Our meeting rooms open to and include amazing outdoor areas. We have several very flexible meeting spaces for your group's needs, be they business or social. Our beautiful green building facilities are bright and airy, with exceptional natural lighting and panoramic views. Each room is unique, with its own distinct architectural design. All meeting spaces are versatile, with flexible seating arrangements and multimedia capabilities. We also offer outdoor venues that include breathtaking views of Lake Travis, as well as the pristine Balcones Canyonlands Preserve.

1. Lone Star Room

Our Lone Star Room is ideal for larger meetings and events whether classroom, banquet, or theatre style setup is required. Details include: an authentic bamboo floor, tectum ceiling with exposed wood trusses, motorized blackout drapes, ceiling-mounted projector and a motorized 10' by 15' screen. Full audiovisual playback is available either through the overhead lecture sound system or the full-performance PA system with four floor boxes located throughout the hall.

2. Showroom

The Showroom, with its Barco IQ Backlit Projector, 7-1/2" by 10" screen, Dolby 7.1 Surround Sound, and automated blackout blind system, offers excellent presentation technology. As an added bonus, views from oversized picture windows refresh and renew meeting-weary spirits.

3. Fireside Room

A warm, inviting environment, the Fireside Room is an exquisite and comfortable space for any gathering or meeting. Details include: an open wood deck ceiling measuring 25 feet at its peak, hickory/pecan floors, a stone fireplace, and wood blinds.

4. Parlor

Gracious accommodations with comfortable couches and chairs, a wraparound porch, kitchenette, and private bathroom facilities make the Parlor a charming choice for a more informal meeting.

5. Chef's Table

The Chef's Table, adjacent to Jean's Kitchen, is the perfect venue for private dining or an executive board meeting.

6. Dining at Travaasa Austin

Executive Chef Ben Baker describes the culinary style of our Austin location as "Bon Vivant Gourmet," and this fits completely with the Travaasa style—to enjoy life and the bounty of the earth that nourishes us in every sense of the word. Using techniques that range from Classical to Nuevo, he has crafted a menu that he describes as contemporary Austin cuisine. Everything offered at Travaasa Austin incorporates the many layers of influence that are relevant to central Texas today, and keeps in mind the sophisticated palates of this modern, progressive city.

7. Solidago Gardens

The Solidago Gardens, featuring a spacious handcrafted wood and stone structure, is accessible by way of a forested trail and is designed as an intimate setting for meetings and receptions.

8. Equestrian Center

Become aware of yourself and your team on a new level in the presence of these complex and emotionally intelligent creatures. Work with an animal that allows reflection like few others and experience connection with the world around you.

9. Prickly Pear Challenge Course

Our state-of-the-art course was designed in partnership with Outward Bound™ Professional, and incorporates vertical climbing elements for a wide range of physical ability. Begin at the Cob Web, progress over Raider Bridge, through the Flying V, to navigate Double Trouble. The linear progression of the course culminates with a fantastic flight over 250 feet long, soaring over the treetops.

The goal of Outward Bound Professional is to create positive, lasting change in the workplace through innovative, customized programs that enhance the effectiveness of individuals, groups, and organizations. Travaasa celebrates our partnership with this revered leader in experiential learning and discovery.
